Fundraising Structure
2022-2023**

Spring Hill Elementary School is home to over 900 students in grades K-6. Our families are a very active part of the McLean/Tysons area. The PTO is a non-profit organization that raises funds to support our teachers and students and enrich the school environment in ways that are not met by the Fairfax County Public School budget and we are seeking partners to help support our programs. Below is the outline of the benefits our partners will receive at a minimum. Thank you for considering this request.
